

「起承轉合」課程後感 -- 凌太 (May Ng)

Dear Charles,

Thank you for being our REST teacher. The REST lessons have given me the opportunity to reflect on my life and that makes me better understand my strengths and weaknesses in many ways. The bible verses quoted during the classes have reminded me that every step we take in life is for the purpose of Glorifying God. Thank you again for your time and effort to organize the classes and put together the informative class material. I look forward to taking part in your other REST activities if any in the future.

Best Regards,

May
